

Banana Oat Pancakes

Three ingredients you already have at home, ready in 10 minutes — and they hold your hunger until lunch.

**10 min**

PREP

1 serving

MAKES

BASE CAL

INGREDIENTS (BASE SERVING)

- 1 ripe banana
- ½ cup rolled oats
- 1 egg
- 1 pinch of cinnamon
- 1 pinch of baking powder (optional, makes them fluffier)
- a little oil or spray for the pan

HOW TO MAKE IT

- 1 Peel the banana and put it in a deep dish. Mash it well with a fork until it becomes a smooth purée, with no big lumps.
- 2 Add the egg and stir until everything is well combined.
- 3 Add the oats, cinnamon and baking powder. Stir and let it rest for 3 minutes — the oats soak up the moisture and the batter firms up, which makes it easier to flip later.
- 4 Heat a nonstick pan over medium-low heat and add a little oil (or spray).
- 5 With a spoon, drop small portions of batter, about half the size of your hand. Small pancakes flip much more easily than big ones.
- 6 Cook for 2 to 3 minutes, until little bubbles appear on top and the edges set. Flip carefully and brown the other side for another 1 to 2 minutes.
- 7 Serve warm. If you like, finish with banana slices, a handful of berries or a teaspoon of honey.

WHY IT HELPS YOU SLIM DOWN

Oats are rich in fiber, which slows digestion and keeps you full for hours — that is what prevents the mid-morning hunger that makes you snack. The banana gives natural sweetness with no added sugar, and the egg brings protein to protect your muscle while you lose fat.

- 3 tablespoons plain yogurt

Poached Eggs with Asparagus and Toast

Elegant like a restaurant breakfast, simple enough for an ordinary day.

**12 min**

PREP

1 serving

MAKES

BASE CAL

INGREDIENTS (BASE SERVING)

- 2 eggs
- 1 handful of asparagus
- 1 slice of whole-grain bread
- 1 teaspoon vinegar (for the water)
- salt, pepper and olive oil to taste

HOW TO MAKE IT

- 1 Wash the asparagus and trim the tough base. Cook in boiling salted water for 3 minutes, drain and set aside.
- 2 In a pot, heat water until almost boiling (small bubbles, not a rolling boil) and add the vinegar.
- 3 Crack each egg into a cup. Make a whirlpool in the water with a spoon and slide the egg in very slowly at the center — the motion wraps the white around the yolk.
- 4 Cook for 3 minutes for a soft yolk. Remove with a slotted spoon and rest on paper towel.
- 5 Toast the bread. Assemble with the asparagus underneath, the poached eggs on top, a drizzle of olive oil, salt and pepper.
